

John Gerrish & Associates, LLC

COURSE NAME: Dry Ice Packaging Training
(Shipping with no other hazardous materials)
Initial & Recurrent

ONLINE TRAINING COST: (\$125.00 each for 1- 4 Students)
(\$100.00 each for 5-24 Students)
(\$ 75.00 each for 25-49 Students)
(\$ 50.00 each for 50-99 Students)

CATALOG DESCRIPTION

Provides the training necessary to ship non-hazmat products with Dry Ice, such as perishables. **As long as you are not shipping any other hazmat other than Dry Ice in your shipment, it is not a D.O.T requirement to have 49 CFR function specific training. If you are shipping Dry Ice with another hazmat further training is needed.**

This course provides familiarity with the requirements of the U.S. Department of Transportation Code of Federal Regulations and enables the employee/student to prepare dry ice shipments with no other hazardous materials other than dry ice. It is a systematic program that ensures a hazmat employee/student has familiarity with the regulations, and knows how to apply it to their job function.

LEARNING OBJECTIVES

At the conclusion of this course, the student will be able to:

- a. Comply with requirements for training and security
- b. Determine applicability of Dry Ice to their shipments.
- c. Utilize the hazardous materials/dangerous goods lists
- d. Package shipments needing dry ice
- e. Communicate hazard by marking and labeling a package
- f. Document a shipment properly
- g. Determine placarding requirements for a conveyance transporting hazardous materials

Through all of this, emphasis will be placed on each student's responsibility when transporting hazardous materials.
